Visiting Professor

Dr. Ian Stiell, MD, MSc, FRCPC

The UBC Department of Emergency Medicine and Division of Pediatric Emergency Medicine extend a warm welcome and thanks to our visiting professor for 2014 EM Research Day, Dr. Ian Stiell.

Dr. Stiell is Professor and Chair, Department of Emergency Medicine, University of Ottawa; Distinguished Professor and University Health Research Chair, University of Ottawa; Senior Scientist, Ottawa Hospital Research Institute; and Emergency Physician, The Ottawa Hospital. He is internationally recognized for his research in emergency medicine with a focus on the development of clinical decision rules and the conduct of clinical trials involving acutely ill and injured patients treated by prehospital services and in emergency departments.

Dr. Stiell is best known for the development of the Ottawa Ankle Rules and Canadian C-Spine Rule, and as the Principal Investigator for the landmark OPALS Studies for prehospital care. He is the Principal Investigator for one of three Canadian sites in the Resuscitation Outcomes Consortium (ROC), which is funded by CIHR, NIH, HSFC, AHA, and National Defence Canada. Dr. Stiell is a Member of the Institute of Medicine of the U.S. National Academies of Science.
